Do we have any more information on this? We inspected B. Braun in October of 2018. PADEP expressed an interest in returning to do their own inspection and we said we would help coordinate and discuss but at this stage were not planning to reinspect ourselves.

Thanks  
Kris

Hi Karen,

We had a call with Senator Toomey's staff yesterday afternoon about ethylene oxide and they would like to be informed when we do an inspection at B. Braun.

Please, let me, Alice and Chad know as well, so we can be in the loop as well.

Thanks, Cristina

Cristina: Sen. Toomey's staff asked to keep them in the loop when EPA and PADEP coordinates any upcoming inspections at B. Braun. They are fine with EPA notifying them when it has occurred...they don't need to know prior to the inspection. So we should let Karen know.

Also, Toomey's staff would like to have contacts at PADEP in case they have any additional questions. I was going to give them the NERO air manager and Krish, but could you ask Krish if he has a preferred point of contact?

Alice
